---

Dear Mr. Sibley,

AAI is conducting a Phase I ESA for the property at 206 W Railroad Ave, Odessa, WA. Mr. Jerry French at WA Department of Ecology indicated he was trying to contact you on our behalf regarding questions we have due to the site cleanup conducted by EPA in 2015. I just wanted to followup with you regarding the cleanup, and mainly need to find out if any soil removal activities occurred at the site as part of the cleanup.

Any information you can provide is appreciated.

Thank you,

Carol Mears
